Amarachi Ivan Chukwunenye was born January 20th, 2002, at Christiana Hospital in Newark, Delaware. Amarachi passed Thursday, May 28th, 2020, at home, age 18. Some of Amarachi's favorite things to play growing up were cars, football, and basketball. He had hundreds of Hot Wheels cars. He and his younger siblings used to play all day long during summer vacations. Amarachi played piano from 3rd grade until around 9th when he decided he would rather be a singer. His siblings got into playing instruments too because he played at home. His sister looked up to him because she admired him. He loved amusement park rides because of the screams and jolts.

Amarachi's favorite color was red because it symbolized power. His best subject was mathematics. Amarachi was admitted to University to study Management. His dream was to own and manage his own business someday. He loved adventures and to travel.

He had a very close relationship with his siblings. His parents were firm on him, reminding him that he is a leader and example among others. He visited Nigeria in 2016 and met his many aunts, uncles, cousins, and other extended relatives both on his father and mother's side. Although he never met his granddad on his father's side, he looked up to him from stories told about him.

“ I am heart broken at the thought of our precious son going on an early flight to heaven.

Amara was a caring, diligent, hardworking, loving, intelligent and Godfearing Child of God and a highly gifted and talented young boy.

His commitment to whatever he was doing was amazing. He was one of the best a mother could wish for.

I fell in love with him from the first day I meet him initially as a baby and then later on as he grew every step of the way. I am Glad to have attended some of his school, church and sports activities whenever I visited. It was a privilege to have hosted him even for a day in my home. I will cherish the memories that we shared in wonderful family and Thank God that your young life made impact.

I weep but pray for comfort and strength for my beloved Chukwunenye family, Okolo family, brethren and friends.

I miss you already.

“ My condolences. Amarachi once told me when I was trying to push him to rehab his knee that he would do the best he could around his academic schedule. He made it clear that he had a plan to succeed academically and make the most of his opportunities. To see a young man his age with that focus and a plan for success really impressed me.

“ My sincere condolences to the Chukwunenye Family. Amarachi was a former student at Springer Middle School. He was curious about life and a determined to make a way--- his way. My fondest memory of Amarachi was when the AVID class attended the YES 2 College Summit at Morgan State University, in Baltimore, MD. During the pep rally there was a dance competition, and the MC tried to solicit participants to represent the different states. Well, Amarachi said, "I will do it." All the middle schools from Delaware cheered him on—and he wouldn't give up--- such a special moment for us. So glad I had to chance to work with such a great young man.

“ I have so many memories of Amarachi- he always has a smile and a wave for me when he passed my office on the way into the SLC. Amarachi was a frequent visitor to the nurses office. More visits than not were just to say hi and ask how my day was. I will continue to pray for you and your family Amarachi.
