“ Dear Joan, You are being very missed by my brother and all of his family. You brought great joy to Johnny, not only the companionship but your humor and laughter gave him and all smiles and we could all feel and see the love between you two. I know you will now feel the Peace to be next to and with your son. May you realize how much you were loved and cared for and that your memory will be held dear to oh so many.

Dear Johnny, You have been a strong and loving companion to Joan for oh so many years. She brought great love and cheer into your life, and I speak for us all... that was a wonderful gift she gave you. I know you very much appreciated that and I know you gave her the promise to always love her and to be with her always. You did and you are good man for it.

“ A few years ago , my wife and I went to the del state fair with my dad and Joan, we went to see a concert and take in all the sights and attractions. Joan was her usual self , funny and making us all laugh, her humor was contagious and made the day a memorable one. She will be dearly missed, our condolences to the family. Love Steven & Mini

“ John- we are thinking of you all. Joan will always be in our memories. Her giggle/laugh was a delight and brought smiles to all. Living quite a distance away we all may not have visited often but when we did Joan was such a sweet person to be around. We all enjoyed many funny conversations. And that giggle/laugh. Heaven's door opened for a wonderful soul. RIP Joan Luv- Sara, Mike & Jess

“ Where to start for this beautiful woman...my auntie. I could start with her heavy purses that would break a regular person's arm but she threw around like sheet a paper! Or how put together she always was, hair, makeup always perfect and outfits were always "sharp". I'll remember Saturday night movies at her house because I got to watch whatever movie they picked since it was the only TV. I'll hold tight to all the times she took me to work with her, our shopping trips, American Idol nights and all the other 40 years of memories! Thank you for always thinking I was "special". Takes one to know one...always in our hearts. RIP Auntie.

Love ya, Lisa
