“ Louise is a beautiful soul and will forever keep living on in all our hearts. I'm glad I got the opportunity to meet her and work with her. She was like a work mom to me. She would always remind me of my self-worth and help cheer me up when I was down.

I remember her love for mermaids and dark chocolate, her love for her children and grandchildren, the love for her work, she was just always filled with positivity and love, couldn't ask for anything more. I wish her family the best and my condolences.

“ Louise was an awesome neighbor in Lazy Lakes. We live right before her. We would walk and she would talk about how much she loved her job and her family. She was always out doing yard work. And just made so many updates to her home. My husband would barter with her. He would clean her roof. Move tree limbs and she would give him. Whatever. She was full of life and passionate. And we will dearly miss such a kind soul. She was a wonderful wife, mom, grandmother and friend. So very sorry to her friends and family Louise was a truly good person

“ I was your sister-in-law for thirty some years. It was nice to visit you and your family but we lived in Florida and didn't get to see you as much as we would have liked/ Ray always enjoyed talking to you and he called when he could. We thought so much of Tracy. You were a nice couple. I hope you and Ray will get to see each other in heaven. Your family was very fortunate to have you. Now, you rest in peace. You were a wonderful person. Deepest sympathy to your family and friends. Love, Janice

“ To my best friend and partner in crime; you will sorely be missed. I feel like this is a dream at times. We had so much planned to do in 2021. Thank you and Beverly for adopting me as a “sister”. I will continue to be that positive inspiration you were in caring for others and not giving up just because it's hard! Thank you for loving my family as yours and allowing us to be such a big part of your life. I now have two huge guardian angels to look after me. I already felt you today saying: calm down, take a deep breath—it's going to be alright and then I saw that smile. Yes, I am going to be alright. Jesus said so! Love you always.

“ I was so saddened by the reading of Louise’s passing. She was a wonderful co-worker and friend. We had many good laughs at work. One comes to mind when I was being tested for sleep apnea. I told Louise if she catches me sleeping to wake me up. That she did. She dropped a phone book on the floor so hard it woke me up and I jumped up almost out of my chair. Needless to say I do have sleep apnea and use my c-pap machine every night  
So I can stay awake all day. I will miss Louise when I go to the foot Dr. Steph and family I send my deepest condolences.
