Andrew Scott Riley, 32 left this world on June 23, 2020. He was born on April 24, 1988. Andrew was an adventurous soul who embarked on any number of madcap expeditions, always keeping his family on their toes. He loved to cook and carried on the family tradition of making Johnny Cakes on Christmas morning which he learned from his Pop-Pop Riley. “ Andrew and I wrestled together from 6th- 12th grade and went to school together from 9th-12th. Our biggest passion at that time was wrestling where we shared each other's dreams of being the best we could. His character in the room was contagious. Andrew was one of the toughest guys I've ever known and his will to bounce back all the time showed complete determination. I still remember all the car pools,team huddles,pranks,good and bad times. I still remember we would rock out to Linkin Park's album Hybrid theory back when portable C.D players kept skipping over the music. In life we may have drifted our separate ways but we were like family. It's with more than a few tears today and a heavy heart that we celebrate your life. Love you man.

“ Andrew did indeed have an infectious laugh! Whenever He laughed it made everyone around him laugh! He loved being around his friends and growing up with and around him was always an adventure! He was always a very fair person, always sticking up for those who were at a disadvantage or those who were not confident in themselves. He loved to build people up. His smile, his laugh, his concern that he showed for the people in his life will be missed.
