“ *My name is Jennie. I am Anne's younger sister. There are eight years separating us, but she was always there for me. I remember my very first day of school. Anne took me to school before she went to her own school. I can remember Anne telling me how to sit so boys couldn't look up my skirt. She always tried to look out for me, and protect me. She is going to be missed very much, but i know where she is. That is a great comfort.*

“ *I remember Mrs. Seligmann's fun loving personality. I really enjoyed spending time with the Seligmann family. It was a highlight of my adolescence.*
