“ How can one express thoughts properly on paper , well i will try!
Charlie had a great sense of humor, pretty dam witty also. His fishing stories are legendary for sure , he sure loved his time on the water with Andrew, seemed that was his main topic over the years.I have only known Charlie for six years but a wealth of knowledge , thoughtfulness and humor poured from him daily. Now not to say Charlie couldnt get a bit ruffled , that fuse was a quick one , but after the flash of whatever he was dealing with that you were involved in a sincere apology was swift. I came to the County Group with absolutely no experience what so ever and it was truly the patience of Charlie that was a big help to me becoming the employee that i am . I have and will be missing our daily morning briefings that we had and the afternoon check ins before the day was over. Charlie will be missed dearly as a good human being and a Huge asset here at work. See you again in the future sir, until then ,,,,,!

“ I've known Charlie for 10 years and became friends though working together on many projects. He was the first to check on me after my surgery this summer. He was a good man and I'm glad I was able to get to know him.
