“ Kathy,

Just found out about Charlie.

Newark Senior Center gave me strength to get back on my feet.

Charlie had eyes in back of his head....he could see/feel the beachball

when we played pool volleyball @ center. Was reading about Betsy post

and she is right...Charlie loved the challenge whether it was Betsy, Francious. whoever challenged him on other side. In back of Charlie some of the guys on his team would bounce the

ball lovingly off back of his head...he got wise and got even.

Charlie made our day and what a gift to have had the Joy playing our games.

Charlie was Charlie 3 or 4---that is how many Charlie's played @ pool.

Dick Lewis just told me Margarett just passed I think she was 102 going

on 103 Charlie lovingly played her just as well.

Blessings and Love Always,

“ Dear Kathy and family,
What a warm and comforting service it was this morning. I hope it will help start you all on the road to peace. I only knew Charlie after he was a quiet man, but I still felt a great connection to him and communication with him. I always looked forward to a good volleyball game and the best were when I got to face him across the net. I never held back and he seemed to revel in that. I always said I learned all I knew from Charlie when I spiked the ball right back in his face!! His expressions and his "right" or "yeah" meant more than many people's full sentences. I enjoyed talking with Charlie and I just did it, forgetting that he couldn't talk back in the usual manner. But what I got from the twinkle in his eyes and his never ending smile meant so much to me. I don't usually attend funerals, but Charlie made such an impression on me that I felt drawn to this one. And Kathy, I know you were the loving and moving force that kept him going. I know you will miss him greatly but keep talking to him and know that he does still hear you. God bless you all.
