“ Danielle, we miss you sooooo much. You were taken way too soon from us. You had such a kind heart. Personally have done alot for me and so many others. You have so many Family and Friends here to watch over. But your two Beautiful Daughters need you to fly your Angel wings with them at all times. Watch over them. I know you are with them and always will be 💜. And I know you are now with your grandfather too! Its just not fair. Smile in the Heavens above sweet Angel. We will all make sure your daughters always know how much you loved them and your memories will live forever!!! 😭 love you Always a Sister and Best Friend Suzy & Family
