“ Dear Leslie and Doug,
Unfortunately, Rick and I will not be able to make your mom's service. But I wanted to share my thoughts with you about Dottie. Dottie was such a gentle and kind soul who never had a bad word to say about anyone. In fact, she always had something good to say about everyone. Dottie loved watching Andy and Stephen grow up, she always had such nice things to say about them. She taught me so much about gardening and I will always remember how beautiful her gardens were. I remember getting so fed up with all of the weeds in my garden and she would tell me not to worry, because weeds are really just wild plants and all plants are beautiful in their own way. All of us will always remember our visits to the trailer and that great swimming pool. It was always a fun and relaxing time. I also always admired Dottie's strength, both physically and emotionally. No challenge in life was too much for her. She was full of positive energy. We are so fortunate to have had your mom for our neighbor and friend. We know you will miss her very much but we also know that she is at peace.
