“ My dear sister Dotti, how I treasure all the beautiful memories of you! You are always close in my heart. I miss your smile, your voice, our long talks and your warm hugs. I know that you are happy now and that brings me comfort. You were the best sister anyone could have been blessed with. If sisters were flowers I would have picked you! I will love you forever. Until we meet again ..Connie

“ I did not know Dotti personally but imagine her soul was just as beautiful as her daughters. Thinking of you and your family Kristin during this difficult time. May you find peace and comfort in knowing that your mom is dancing in the sky.
