“ *Gene, I worked for your Dad during summers in college, I was his helper on many jobs where he was the consummate professional, precise, exacting, and thorough. I have taken many lessons he shared during my work with him throughout my life. I was with him when Timmy was diagnosed with Luekemia, and know well the care he you and your Mom gave to him. He was a great mentor to me, and even a better husband, father, and friend. I will miss him.*
