“ *OMG I am floored, I just heard about this. I was just thinking about Cissie the other day. I have so many memories, too many to count. From her BBQ's to working with her at RAM. She always made everyone feel at home and at ease. Always had a funny story to share as well. One that sticks out, after her mother passed away, her brother lived in florida, they shared custody of her ashes and would send her back and forth via the mail saying she travelled more after she passed than she ever did while she was alive. She said it with a straight face and I wasn't sure if she was pulling my leg or not. RIP dear lady, I will always remember you with a smile. The world was a brighter place with you in it and you will be missed. Tommy, Larry and family you are in my thoughts and prayers*
