“ I will always greatly admire George for his positive attitude and love for his family. I met him through some of his most difficult times and through the worst of it, he always managed to smile, ask me how my day was and give me advice on having a happy family. My four year old daughter saw me writing this and asked me if George was my friend. I told her George was indeed my friend and I will miss him. My condolences to Patricia, Melissa, John and George who I got to know well over the past 2 years. I share in your loss.

Thank you for your kind words Dr. Cardenas. Our family has a huge hole in our hearts. My dad was my hero! He never complained, he was always worried about everyone else, especially his grandchildren. We will never forget your kind and compassionate heart as you took care of my dad. Thank you for taking care of him like he was your family. You have a tough job and you are a gifted surgeon. God has led you to your job. My parents shared 45 years of marriage together, and have left a legacy of love for their children. My dad is now home resting with The Lord, no more pain and suffering. We will always hold on to the wonderful memories we have of my dad. He was known to everyone as a devoted and loving husband, father, and pop-pop.
