“*Jamie, my buddy, my friend! You have been taken from this world way to soon! You were my Elden for many many years! Anytime I called you to fix, repair, paint and so many other handyman jobs - you were always there! You never let me down - and always did a fantastic job! Many many conversations we have had over the years but the most important chats we had was the love you had for your children! They always were your pride and joy! Many times you had Little James with you working at my condo and watching you to work together was gift! Bobby and I both said we needed a Jamie down here - you are the best! Rest In Peace Buddy! We Love You.*
