“ Joe was one of those pop pop’s every kid wanted and every adult loved being around. For that he will always be in my heart.

“ Uncle Joe was one of the kindest men I've ever met. He always embraced my family and gave kind words of encouragement throughout the years. I'll never forget him supporting my step dad when I was in active addiction when they worked together. My family is forever grateful to have called him a friend. We will miss him and are praying hard for his family.

“ Uncle Joe...I will always remember your forever laugh as we drove to Atlantic City to play poker. You were one of a kind, my man, and I loved that about you. Thank you for being a friend and say Hi to my brother.

“ He made me feel good about things in some of my darkest times. He made me feel safe. We both loved pepsi and used to joke about it. It's the little things. I'll miss him.
