“ So many memories since we were 7 yrs. old. You were my first pen pal. Later we shared so much. You introduced me to the love of my life I'm eternally grateful for that. You and Mike stood for us when we were married 43 yrs.ago. You were there when my child was born, I was there as your's came along...memories to last a lifetime. It's time to say so long for now but we will meet again. Happy your pain is gone and you are reunited with the love of your life, your parents and all those gone on before. I love you and will never forget the times we had. You were a great wife, Mom, sister and friend. Enjoy your reward.❤️🌹

“ I remember Judy from what seems like a long time ago. She was a very sweet woman, always there to listen, and never to judge.. No matter the circumstance. There is one moment that I will never forget about Judy. Her and I had went to home goods store- might have been Marshalls. We just went there to get here and there things, but also salt and pepper shakers with salt and pepper because we were planning on making dinner for the family that night. We found the shakers and bought them. Then we went back to her house to make dinner. While we were making dinner, we went to use the pepper. We were screwing the top to ground the pepper, but nothing was coming out. Both of us were like what is going on?!?! We unscrewed the top and saw no pepper! What we assumed was pepper was actually a printed paper of black ground paper wrapped around the inside of the shaker! We laughed so hard!! I'll never forget it. To the family-God bless you all, and know that Judy is in Heaven with family, smiling down on you all and watching over you. Hugs and kisses. Lindsay C.

“ I remember Judy from what seems like a long time ago. She was such a sweet woman, always there to listen, never to judge-no matter the circumstance. There was one moment with Judy that I will never forget. We had traveled to a home goods store, maybe Marshalls. We just went there to get here and there things, but also salt and pepper shakers, with salt and pepper, because we were planning on making dinner for the family that night. We find the shakers with salt and pepper already in them. So we buy them and go back to her house. We started to make dinner and went to use the pepper. We're screwing the top to ground the pepper, but nothing is coming out. Both of us were like what is going on?!?! We unscrew the lid and it's empty! It was a picture of black ground pepper wrapped around the shaker that we thought was real pepper the whole time! We laughed so hard. I'll never forget it. To the family-Judy was such a wonderful person. God bless and know that she is in Heaven with family-smiling down and watching after you all. Hugs and kisses. Lindsay C.

“ *The best memory I have of your mom is her giving me two beautiful daughters who I saw come into this world with her. I am so happy we finally came to speaking terms a few years back. Because of her I have beautiful grandchildren and great grandchildren. May she rest in peace now. There is no more pain and suffering and she is with Donald her husband and love.*
