“ I know it has been 2 years since your death but there doesn't seem to be a day that goes by that I don't think or miss you. I wish we would have had more time to spend together but glad we reconnected when we did. You would be so proud how your son is growing up he looks just like you and I am always here to look after your family and be there for them whenever they need me. I know you are now in a place with no pain and look forward to the day where me, your family, and friends can reunite with you. Just wanted you to know you maybe gone but your family and friends will never forget you and will always keep your memory alive love ya like a sister and I will watch over your family and sisters through the good and bad times. I love you now and always till we meet again.

“ I will never forget Michelle. She and I had home economics class together in 6th grade at George Read... and we totally messed up our project (chicken and dumplings)... it looked so gross. We were laughing so hard at it and we didn't know what to do to fix it. Our laughing caught the attention of the rest of the class and they started laughing with us. But, that was Michelle... she had an infectious laugh and friendly personality. She always had so much fun, she had a great smile, wonderful sense of humor, was a great friend.... and loved by all she befriended. Those memories of our friendship will always be with me....for memories never die :(.....

“Michelle, I can't beleive this really happened! I was so shocked when I heard. Now I can only think back to all of the good times (and the bad) we had over the years. I can't even imagine how your family is feeling. I am so sorry everyone has to go threw this. I saw your little boy the other night and he is getting so big! Looks just like you! I miss you already and even though we haven't been ass close over the last couple of years I still think of you as one of my good friends! Thanks for being their for me when I needed you and I wish I could have been their for you more! I love you and I will never forget all the fun times we had, weekend parties, and just staying up all night talking! I love you and you will always be in my heart!

“ There are so many memories I don't know where to start. Even though we had lost contact for awhile when we did start talking again it was like no time at passed at all. What I remember the most is how she could make you laugh no matter what the situation. She had such a caring heart and was always there if you needed her no matter how much time had passed. My heart goes out to her family. She was a great person and will be deeply missed. R.I.P.

“ *My sympathy to Michele's family. and especially her mother, Mary. We worked together years back, our kids went to school together, and then I would run into Mary after church sometimes. She was always upbeat and loved her family very much. From our many talks at night working at the shoe store, I could tell how she loved her children very much. I always remembered Michele with a smile on her face. As a mother I know Mary's heart is breaking. So, Mary, have courage, strength and faith. She is now in a happier place. And in time you will agree, and the heartache may be a little more bearable. Use your faith, to keep you going. Michele's name has been put in the prayer book at St. Anthony's by my friend.. My heart and prayers are with you. If you need to talk, please call, you can get my number through Fatima. Love Jeanne Raimondo*

“ *My utmost sympathy is with Mary and Walt and their family at this very difficult time. Mary and I grew up together and attended grade school together and then in 1979. I moved down the street from them on Ivy Lane. Mary and I reconnected and she became my two girls Erin and Kellys babysitter. I remember seeing Michelle for the first time, her puggy face and bright smile, her and Junior. I am so very sorry your family is going through so much pain with this sudden loss you will be in my thoughts and prayers. Luanne Harrington Barnes*
