“ *I knew Sister Brown since I was a teen. We were apart of 3 different congregations. We were in the same book study group. We shared many days in service together ,many deep discussions that touched my heart and I will miss her for that. She was so grounded , This also helped me to mature in the truth. We loved her so much.* ”

*I remember one time sister Brown was sitting behind us at the Kingdom Hall, when the service was over she pulled Rennie and I aside and said thank you for showing love and affection for each other! at the following meeting she gave us a card saying the same thing. She really paid attention to the small things that others might ignore. This is just a pause.*

*Love,*
