“ I worked with Norma at Dupont for many years and we became close friends. After she retired and left Dupont i saw her occassionally but did not continue to visit or keep in contact. I was vey sad to hear of her passing. i was not aware of her husband and daughter passing and also woild like to express my condoences to family about them. I never knew the family that well. But will always remember her. She taught me how to crochet in the Lab on midnight shift in the wee hours of the morning, we also had many talks about our families and lives. She was very proud of all her children and was a good mother, wife and friend. God bless you all.

“ I'm already regretting the time I didn't get to spend with her. I let time slip by and will regret that for the rest of my life. After so many years without any contact, I am a little glad I was able to have some time with Aunt Jean this past year. I only wish it was more. I know how difficult it has been on my family when we lost our mother this past May. Our hearts go out to Steve and his family in this very difficult time.

“ *I want to express my sincere sympathy for the loss of your loved one and share the hope promised in the Bible.  
God has set a day in which he purposes to judge the inhabited earth in righteousness by a man whom he has appointed, and he has furnished a  
Guarantee to all men in that he has resurrected him from the dead.  
(Acts 17:31)  
If your heart yearns to see a loved one again, study the Bible to make this resurrection hope your very own.*
