“ *What a shocker! Patti was such a vibrant, full of life, smiling breath of fresh air coming through the door! I miss her terribly already. I had the pleasure of knowing Patti for such a short time but what an Immediate impact she had on anyone who met her. Her and Mike were the perfect pair! I always loved watching them work together. She really kept Mike in line. Her work ethic was impeccable. I will be keeping Mike in my prayers for the strength and endurance to continue on as Patti would expect him to do. I know he misses her terribly! I certainly do and I know this world is a little better just for Patti being a part of it!* ”

“ I met Patti years ago while working at MBNA - she was a mentor and friend. She had a kind heart and would do anything for you. Patti was loyal and dedicated to her family. A fond memory.....We had a running joke while working together on the SRU team - we called the team Hotel California because it felt as if none of us would ever move on to another position. Eventually, we all did get to leave Hotel California and went our separate ways, but the memories of those times will never be forgotten. I will miss you Patti.

“ Although I never met Trisha personally, and only talked to her a few times over the phone, she was the wife of my very dear friend Mike whom I've known for over 30 years. Both are in my thoughts and prayers. I pray to Jesus my lord to give Mike and family the strength to carry on and love life to its fullest as I'm sure Trisha would have wanted.

“ Tamika Spears: She was awesome, and could brighten your day with her smile! She will truly be missed by us here at Fraunhofer CMB. She was a hard worker and though our knowing each other wasn't long my heart is broken that I won't get to see her smile walk through our doors. I will miss you!

“ Trish was a great neighbor and friend for many, many years. We looked after one another's houses and pets, and helped each other out in any way possible. Since it is winter, the main memory I have is of us all shoveling our way out of our driveways together for many years, and having a blast while doing it. I also can hear her saying, "Oh Michael," when Mike said something funny. She was a wonderful woman and always had a smile on her face. She will be deeply missed and our love and comfort go out to Mike and her family.

“ I met Patti several years ago when we worked at MBNA. She was a dedicated, hard worker who strived for perfection. Over the years, we shared many laughs and tears together, but I will never forget her dedication to her family and her love for Michael.

*Patti was a wonderful friend, who will be deeply missed.*

“ I had the pleasure of meeting Patti in 2002 at MBNA where we worked together and developed our friendship. She quickly became someone I admired and looked up to. Patti's honesty at all times, especially when asked for her opinion, and her quick wit was always something I treasured about her. She will certainly be missed by many. My thoughts are with the family and all those who are impacted by this loss.
