“ I just now found out that Selena was gone. I am so sad. I've never met her but I considered her my friend. We chatted a lot on Facebook, played some of the same games. I felt that she was a wonderful person. I will miss her.

“ I will always have fond memories of Selena. We worked together for many years and enjoyed many wonderful times together outside of the office. Selena had a great personality and always had a smile on her face. I only wish I was there for her when she needed her friends the most. Rest in peace Selena.....

“ *To the family of Selena:*

A great many people believe that our eternal life will begin at the time of our death. In reality our eternal life with God began on the day of our Baptism, the day we became children of God. As adopted members of God's family, we become heirs of Heaven; as our Heritage, God shares His very life with us. Like that's eternal, life that transcends all time and space.
