“ Where do I start? Let me see. I can say that my favorite memory out of all the memories I have of Steph. Would be the time when me and her went to Delaware Park and she got impatient and when I went to get her a drink she's left me I ate all the pizza. And the funniest thing about it is I couldn't even get mad at her. Because Steph just had this face that you could just not get mad with. And I'll never forget the next time that we saw each other we both just looked at each other and laughed because she knew that I was not even mad at her for what she did. My heart goes out to her family. And I will never forget the good times we had together. And she will always have a special place in my heart that no one will ever be able to fill. RIP STEPH I LOVE U BABY GIRL AND WILL MISS YOU EVERY DAY. But I will always have the good memories that I had the chance to get to spend with her. And anyone who hand the privilege to meet her and got the chance to see how awesome of a person she is. Needs to know that they will never get any other chances to ever meet another person that was anything like Steph Abe was. She was one of a kind and no one could ever come close to the person Steph Abe was. And if you never got the chance to meet her and see how awesome of a person she was Then all I can say is that. Sorry for your luck. But you just missed out on the chance to know the one and only most amazing person she got to grow up and become. And I can honestly say that. Besides the birth of my two kids the next best thing that has happened to me in my life was the day that I was lucky enough to have the opportunity. To meet the one and only most amazing person you ever have the gift to meet. And everyone that got the chance to ever have met her already know who she is. Love you Steph Abe.

“ I'll never forget the day that me and Steph Abe went to Delaware Park and she got tired of waiting for me and I had got pizza for us and Steph asked me to go get her a soda and she left me with no bus pass and she messed up part of the whole thing is I couldn't get mad at her for it. Because she just had that face that would make u love her and make it so all you could do was just start laughing with her. And that was just what we did as soon as we Saw each other. She will always have a special place in my heart that no one else can ever take or fill. I'm going to miss her so much and I'm going to always remember the good times we had

OUR MEMORIES OF STEPH...

She would greet us: Hey John and Barbara! How are you doing?

Steph had a great love for her family and friends...especially the children in her life.

In her family and friends' greatest hour of need, she was there to help and comfort them.

Steph took life head on and kept moving forward.

Love of family, friends and life... this is Stephs' legacy! Our thoughts and prayers are with her family! God Bless!
