“ *Teresa and I met as teenagers so many years ago and hit it off instantly. Everywhere we went people would ask if we were twins so that became our thing. Over the years life happened but we never missed a beat. Through all of life's highs and lows our friendship never wavered. Teresa was my twin, my cohort, my BFF, my daughter's God Mother, my sister from another mister! She will live on with that beautiful smile and that contagious laugh! I love you Tree*

“ *Teresa became a beloved member of our family when she met Mark. Either at the racetrack a car show or at the beach. Her smile was contagious, her tan was always on point, and that hair that wonderful '80s hair! But most of all her love for Mark and her beautiful big furry children! Me and Dad will miss you the most at the car shows.*
