“ Pop pop and I would like to send the Krieger children our deepest condolences. Your dad was always special to us and will be missed. We have such wonderful memories and fun times we all shared at the Farm.

I am so so proud of my 3 grandchildren who took such great care of their dad. They did anything they had to do to make him happy and anything they had to do to take of his health and medical needs.

They never faltered and they were always there when needed. You did what you had to do.

You have our love and support 💕💕

*It has been many years since I have seen Tom but I have fond memories of him and Uncle Clifford's family. We shared baskets of clams on a few visits and always loved our times together with cousins. My Father, Paul Krieger tried to stay in touch with Uncle Clifford so we had the benefit of getting to know cousin Tom as we grew up. I always hoped we would cross paths again. I know he was a special guy. Our sincerest condolences to Tom's children and siblings. He will be missed by many. Teresa Krieger Burns*
