

Wayne D. Cole

November 30, 1950 - April 23, 2016

The trumpet sounded for Wayne Cole as he took his final rest at the 23rd hour of April 23rd 2016.

Wayne took his first breathe of life on November 30, 1950 and spent every breathe after striving to accomplish any goal he set out. He was diagnosed with muscular dystrophy and a moderate intellectual disability at a very young age during a time period when society was not tolerant to difference. Wayne was deemed unteachable and spent his formal school age years being homeschooled to the best of his mother's abilities.

Although from birth, society, his abilities, and health were an daily obstacle; Wayne maintained a 'fighting spirit' and one mighty left hook as he learned many skills that most individuals take advantage of. Wayne dutiously learned to talk to communicate basic wants and needs, feed himself with struggling motor abilities and deteriorating muscle mass, and what soon became a favorite subject micro economics.

Wayne's leadership abilities put him in a supervisory position that he took very seriously. The family would like to thank individuals that have spent many hours assisting Wayne through many phases of his golden years in life; including but not limited to Summit House Chimes, Easter Seals, David Lookey Center, R.H., Christina Care's Seasons Hospice staff, and DDDS.
