“ I Love you DAD very much and will miss you , I remember when I was 5 years old and we played catch out in the yard and you would throw the ball and it would really sting my hand but I didn't let you know so that you would be proud of me and keep playing catch . And when I was older I would go to you for Fatherly advice when I needed to make big decisions in my life . And as I became to know you Man to Man , Father to Son . You where all a Son could ever want in a Dad . I will leave with this Bible scripture. (John 3: 15 - 16) who ever believeth in JESUS shall not perish , but have eternal life. 16 For GOD so loved the world that he gave his only begotten Son JESUS , that whosoever believeth in him and except him JESUS into their heart shall have everlasting Life) I know without a shadow of doubt that you are in the loving arms of Jesus now with no more pain and disappointments that this world can bring . So until we meet again Dad we will have all eternity to catch up on things that we didn't have time for on this Earth. With all my Love Dad your son Billy .

“ My Dad has always been a great inspiration to me and I am sure others. A hard working generous man right up until the end. He has always been a positive role model for me with the courage and strength to keep pushing for another day even when times got tough near the end. My dad has always been there for his family. Although I've lived 1400 miles away most of my adult life, I've always felt like he was always there with me and I with him. Not a will day will pass without me thinking of the hole left in my heart by losing such a wonderful loving father. I will always love you, dad. We will meet again in Heaven one day. Your son, Kenny

my man Billy, i'll never forget the many games that we played together and your coaching of one of the best softball teams in New castle county Good old delaware city softball team how can we ever forget it was the only time in my playing career that a game was called because of too many Nats, you went crazy you told the ump thats our home field advantage. You were loved by all of us that ever were lucky enough to be in the same dugout as you, plus at 50 years old you were faster than quite a few guys on that team. I'll miss ya billy and i'm so sorry Rose Bud for your loss. Your left fielder, Ken Vandegrift
