“ Dear Dad, I have no words to thank you enough for taking your time and shared it with us. You taught me the meaning of family when you used to tell me " you are part of our family to". I am proud when someone calls my name and I hear Rushon, that reminds me of a great man who always cared for me. My daughters-your granddaughters, Ashley and Kristen loved you so much, you were a wonderful Pop who was so happy every time you saw them. I remember when you called me many times to go to my classes so I can leave Ashley and Kristen with you and Mom, I knew one of the reasons were because you wanted to spend more time with them. It made me so happy knowing that pop loved them very much. I will always tell them how much you loved them.

thank you for being there when I needed you, thank you for your words when I needed them, you encouraged me to do better in life. We are feeling terrible knowing that you are not with us now, the pain, the grief, and the feelings of helplessness seem unbearable. At such times we need to go to God's word for comfort. I firmly believe in resurrection (John 11:25). One day you will comeback to life and we all gonna see you again in paradise.

We love you Pop, we love you very much.

Your daughter in law,
Sayra Rushon

“Dear dad: I love you and miss you so much! I will never thank you enough for all you have done for me... You took me as your daughter and protected me (remember my first car crash?)... You were always amazing to me, you are my daddy, you are my hero... It was always great to talk to you... You always have something funny to say even in the worst times... Who will make us laugh now pappas?... I will never forget you really took care of me when I had that accident, you were there with Billy in the ER, took me to work every day, help me to go up and down the stairs and the car, fix my wheelchair... You were my dad!!!... I wish I could do more for you, I wish I had the power to heal you or be able to protect you against that pain you felt... All what I can do now is to keep my part of the promise Billy and I did to you... I promise I will be good as you always told me and I will always love you pappas!!! I will always love you!!!

“ This is his granddaughter Samantha. He was always my father figure. He always pushed me to do right. And he never gave up. And that's one of the things I will never forget about him. He loved me more than I could ever imagine and I was so lucky to be able to call him my grandfather. He was an amazing man. So funny, caring, loving, generous. I love my popop and I will never EVER forget about him. It breaks my heart down to my core that he is gone. But he is in a better place now in the arms of God and my mother. I love you pop. You are my gaurdian angel now along with my mother. I love you and will always deeply miss you.
