“ I remember how u would make me a *WHOLE* steak for lunch..u cut it up and trimmed the fat off for me..u taught me to love tomatoes! U were there for me whenever I needed...it was not that long ago u got me a new tire and rim. Brought it down and put it on for me (I know how to do it because u had taught me) but u wouldn't let me help that time. U refused to let me pay for it too! U were definitely *HARD* headed (my whole life I blamed my mom for my hard headness..lol) I will always be grateful for the extra time I got to spend with u on dad's weekends..and the few weeks i got with u recently. U were an amazing grandfather...and I was lucky to have u! *LOVE YOU ALWAYS POPPOP!*
